## **Obtaining a Panama Driver's License as a U.S. Foreigner**

Obtaining a Panama driver's License as a U.S. foreigner is not difficult but involves the following:

- You must have your current effective foreign driver's license.
- Your U.S. driver's license must be certified by the U.S. Consulate in Panama.
- Your driver's license has to be certified at the Panama Government office called Ministerio de Relaciones Exteriores.
- You must have the originals and a photo copy of:
  1. Driver's License
  2. Passport
  3. Emigration status.
- Have proof of your blood type (laboratory report)
- Pay \$40.00 for the tests (audio and vision) and application at the licensing office.

We can help you with this process. Let us know if and when you want our help and we will make a plan for you. We will then give you the total costs and confirm the plan.

Sincerely,

JOSE SAENZ  
General Manager
